Community Guidelines

- **Learners** of all abilities, identities, and roles in the animal welfare field **are welcome** here.

- **We all know something**; none of us knows everything.

- We don't all start or end at the **same** place.

- Identify **problems** but give your power and energy to **solutions.**

- Come if/when it's useful to you. Don't when it's not (feedback is most welcome!).

- Be brave. We can't help if you don't ask.

- **Feedback, feedback, feedback!**

In Our Zoom Meetings:

- We **prefer to see your face** when possible, but turning your **video on is optional**.

- **Update your name & org in Zoom**, consider adding your pronouns

Today's Intention

✓ **Not outsourcing euthanasia** to adopters, placement partners, or community practitioners

✓ **Understanding** what your community wants and can manage

✓ **Not turning** fast trackers into slow trackers

✓ **Maintaining & improving QoL** for animals so they have the best chance possible for positive outcomes

Our intention creates our reality
